Summary of discussions

- The new principal was welcomed and introduced to the School Board.
- The board noted the current financial position and Funding Agreement.
- A staff member presented NAPLAN preliminary results, including a comparison to 2024. Discussed a focus on intervention to reduce the number of students requiring additional support – shifting to include numeracy in 2026.
- School image was discussed and the idea of a new website, as well as working towards the opportunity to be a lead school for literacy in WA.

Principal's report

- Preparation for the school's strategic plan for next 3 years is underway. After reviewing NAPLAN and other data the focus this year is on providing Professional Learning for teachers to improve progress for students each year. This will begin with Teach Well to embed the 'why'.
- It was shared that staff had provided reflections on the previous business plan, with the outcome being the new business plan needed specific targets to reach. New business plan will be ready to launch T1 2026.
